2. Constructs wooden forms for concrete work related to bridge maintenance and construction;
3. Participates in the pouring of concrete for footings, abutments, docks, etc.;
4. Participates in the placing and finishing of concrete;
5. Assists in general maintenance work during certain times of the year on the interior of buildings;
6. Assists in other carpentry activities such as repairing small buildings or sheds;
7. Occasionally assists in highway maintenance and construction projects;
8. Participates in snow and ice control activities.
9. May be required to operate a gang truck in the transporting of men and equipment between job sites.
10. Does related work as required.

FULL PERFORMANCE KNOWLEDGE, SKILLS, AND ABILITIES AND PERSONAL CHARACTERISTICS:

Working knowledge of the common practices, tools, terminology and safety precautions of the carpentry and masonry trade; familiarity with work methods; equipment and tools used in bridge construction and maintenance; physical condition commensurate with the demands of the position.

MINIMUM QUALIFICATIONS:

One year of experience in construction which included carpentry and/or masonry work.

SPECIAL REQUIREMENT:

Candidates must possess a valid New York State Class B Commercial driver's license permit at time of application. They must obtain the Class B license within six months of appointment and maintain such license while in the title. This license must contain no restrictions other than those relating to personal physical conditions. Such restrictions will be reviewed on a case by case basis for compatibility with job duties and will not be an automatic bar to employment.

A copy of the current valid license/permit is required at time of application to be able to be considered for appointment.
